

Jesus Lives Here

Dear _____,

Jesus lives here!

This is the theme our stewardship ministry team prayed its way toward. It warmed our hearts as we shared stories of how this community of faith shares its resources of time, talent, and treasure to be people of Jesus and "Kingdom living people".

Presiding Bishop Michael Curry often describes us as "The Episcopal branch of the Jesus movement." I like this because it also reminds us that wherever we go in Jesus' name, Jesus lives there!

As we begin this season, we once again move toward our renewed commitment to God's love for us and for the Kingdom work Jesus calls us to in our annual giving campaign. Let us be reminded of Jesus living in our hearts and In what we do together in his name.

The next several weeks we will be reminded by our stewardship ministry team of our call to follow Jesus by allowing Jesus to continually transform our lives and to call forth from us the fruits of worship, love, service, and generosity as we share our gifts together in mission and ministry and proclaim "Jesus lives here!".

Faithfully,
